i adopted a cat at an event with bafn the girl told me if it didnt work she would take the cat back,,,

well as it turned out im not a cat person and i called two or three days latter and spoke to jeniffer she was nice and didnt judge

most important she kept her word came that night and picked up the cat.

i have nothing to say about adoption price since i wasnt even charged..and all meds were done.

all i can say is they are a group of there word and didnt ask a thing for all the trouble.

just my two cents

this is in or around just my story
